Tanita Corporation is in its 66th year of business and being a third generation family-owned business, health and wellness has been our #1 focus. The Tanita HD-384 is unique in displaying three unit readings at once. View your weight in pounds, kilograms, and stone-pound on one single LCD blue backlit display without having to change settings. In addition the HD-384 has an extremely low-profile, oversized platform with a weight capacity of 440 pounds. Tanita digital bathroom scales are known for accuracy, reliable performance, and unique features. For hotels the HD-384 Scale is designed to satisfy the growing need to "Monitor Your Health" even while traveling and staying abroad. In this ever-changing, international and health-conscious world we live in today, this unique scale offers the ability to use one product in each of your rooms and shows your sensitivity to the multicultural and diverse clientele you serve. The modern styling of 8mm thick Black or White Tempered Glass complements any environment.
